Enjoy direct streaming of phone calls, music, and TV. Stream audio from a telephone or video conference directly into your ears, discreetly adjust the volume in a meeting, or listen to your navigation app for the fastest route to your destination – all you need is your smartphone. Using the myControl™ App*, you can stream audio from various sources directly into your Pure 312 and Pure 13 hearing aids and control them remotely. The touchControl™ App lets you change Pure 10's settings remotely and personalize your hearing aids to suit your individual preferences. Further facts and figures. Your journey back to effortless hearing is even easier with the myHearing™ App* for your smartphone. It lets you familiarize yourself with your new hearing aids in as little time as possible. You can follow special listening exercises, consult the user guide, and connect to your hearing care professional on the go. Find out more on myhearing.com or ask your hearing care professional for more information on Signia Nx hearing aids, useful accessories, and the myHearing App.

Signia Pure Nx hearing aids. Your natural choice for performance and hearing. Whether you're in a meeting, taking an important business call, preparing a presentation, or meeting a friend for lunch, with Signia's new hearing aids you can enjoy our most natural sound experience along with superior connectivity and audio streaming from your smartphone and TV.

Hear the sound of your own voice as nature intended. Reading a book to a child, having a little chat with your neighbors, looking at holiday photos with friends - Signia's hearing aids enable you to fully enjoy all of life's wonderful moments. For the first time you can enjoy our most natural hearing experience and our highest hearing performance to perceive your own voice in perfect balance with your environment. Please note: Features may vary depending on the configuration of the individual hearing aid. Your hearing care professional will be happy to assist you.
